Re: Late Filing/Fee

.....

Per my conversation today (with Melanie), I am enclosing the \$125 late filing fee for our post election campaign statement. The fee is being reduced from \$275 to \$125 because a serious illness in my family delayed the completion and filing of the statement. I really appreciate your patience and understanding regarding this situation. My wife's father, who lives in Ann Arbor, had a stroke, was hospitalized, and then moved into our house for three weeks after the election.

Thank you very much for your kind consideration.

Sincerely,

  
William J. Godfrey
